Volume 2, Issue 5

July 2020

From the President

Hello CVIDS Members and Happy 4th of July

It is exciting each day to go out to the garden and see what daylily has started to bloom. We have several large flowers that are very showy. Daylilies that I have given to neighbors have started to bloom and it is fun to see how the flower performs differently in their garden.

Lyle has started some "repair" work of our edging and has created a safer area where we hang the garden hose. I appreciate his work as I have tripped over the hose and want to keep safe while gardening.

Happy Summer.
