

The Cedar Valley Iris and Daylily Society, founded in 1990, is a scientific, educational, and social organization. Our mission is to promote the genera *Hemerocallis* (daylily) and *Iris* and to educate our members and the general public about all aspects of growing daylilies and irises in Eastern Iowa and surrounding regions.

Throughout the year, our members meet at various locations across south-eastern Iowa, with programs that include presentations by well known speakers, garden tours, and sales of select cultivars at attractive prices. Members receive a newsletter updating them on club activities and featuring informative articles. You do not have to be a member to attend our meetings. Guests are not only welcome but encouraged to attend.

#### Benefits of Membership:

- Attend regular club meetings, where members share their knowledge about acquiring, cultivating, and hybridizing daylilies and irises.
- Enjoy programs on wide ranging topics.
- Receive 6 informative Newsletters each year.
- Purchase captivating cultivars for your yard at our sales and auctions.
- Enjoy beautiful gardens on our summer tours.
- Make new friends, share great refreshments, and much more.
