Pink lavender with lavender blue
eye etched purple and ruffled
edge with matching double
picotee over yellow to green
throat. Very hardy and beautiful in
the garden. Fragrant

Big World Hello

Holmes-S.

2024

Tet

Dor

Mid

UF Cascade

Height 40"

Bloom 8"

12 Buds

Branching 3 way

Wingspan 12"

(sdlg. x sdlg.)

Big World Hello is a very large U.F. cascade yellow with a burgundy eye with feathery ends. Big World Hello's height and size made it a standout even in the seedling field. When established Big World Hello will make a clump that stands out in any garden. Because of the height and size of the flower, I recommend that it is planted in the sun rather than shade. Pod can be difficult, but the pollen has proven to be good.

Blackberry Moonshine *NR

Selman 2024

Tet SEV

Mid

Height 27" Bloom 5.5"
15 Buds Branching 3 way

(BLESSED AND HIGHLY FAVORED x
PAINTED SKY) x SALTY DOG BLUES

Blackberry with blue violet eye and

Dip

Dor

MLa

UF Crisp

Height 45"

Bloom 8"

24 Buds

Branching 4 way

(Ponder Stibbons x (Flight of Orchids
x unknown ruffled seedling)

Mulberry red with a slight dark purple-red band and a green throat. Petals pinched and ruffled, sometimes quilled. Large blooms with well-branched scapes.

BLUE EYED DUCKLING

Simpson-E. 2024

Tet SEV

Mid

Height 28"

18 Buds

Bloom 5"

Branching 3-4 way

(Chasing Dragonflies x Blue Lightning)

The vibrant blooms of Blue Eyed Duckling are butter-yellow with a glowing blue-violet eye etched magenta, matching patterned sepals and slightly ruffled picotee of magenta and blue-violet over a gold to green throat. The Blue Lightning parentage is evident in the glowing eye on this sparkling beauty! Vigorous and fertile both ways.

Bubblegum Kisses

Simpson-E. 2024

Tet SEV

E Mid

Height 27"

15 Buds

Bloom 4"

Branching 3 way

(Mountain Rainbow x Papa Pattern)

The bubblegum pink blooms have a variable patterned eye of violet, white and charcoal etched rose with a rose and violet gently ruffled filigree edge over a gold to intense green throat. Bubblegum Kisses is in the small flower category and each delightful bloom is mesmerizing and different. Makes a delightful clump that garden visitors will stop and talk about. Fertile both ways.

Buttermilk and Lavender

Reed 2024

Dip	Dor
E Mid	Rebloom
Height 38"	Bloom 6"
20 Buds	Branching 3 way

UF Cascade

Soft yellow bloom with large light lavender eye edged with rosy lavender. Green throat; recurved bloom is heavily ruffled.

Butterscotch Tree

Holmes-S.

2024

Tet

Dor

E Mid

UF Cas

Height 35"

Bloom 5"

20 Buds

Branching 4 way

(Tidewater Elf x sdlg.)

Butterscotch Tree is just what its name implies. The color is a glowing butterscotch with a small green throat, sepals that cascade. The well branched scape has lots of buds. Like its mamma, Tidewater Elf, Butterscotch Tree is a great garden plant and a potential exhibition winner. The butterscotch color almost glows in the garden. The many blooms are spaced so that you can enjoy the look of the plant. It's been both a good pod and pollen parent.

Pod/ Pollen Fertile

Can't Stop Smiling

Holmes-S.

2021

Tet

Dor

Mid

Wingspan 9"

Height 42"

Bloom 6.25"

14 Buds

Branching 4 way

(Bali Watercolor Seedling x Vertical Horizon x (Tet. Tralayta Seedling x Tet. Skinwalker Seedling)

Can't Stop Smiling has the big green throat that always draws my attention. The dark burgundy eye actually looks like a star within the flower. The color is mauve lavender with purple eye and large green throat that form a star shape within the flower. The midribs show clearly on the petals. Depending on the last freeze of the spring the bud count has run from 12 to 19. I'm introducing it at 14 which seem to be the norm. The height and big green throat will draw you attention to Can't Stop Smiling every time.
