

Cedar Valley Iris and Daylily Society

Volume 2, Issue 4

May 2020

From the President

More time at home should mean no weeds in the flower beds. Well, it has not worked that way but I am making progress. My battle this year is with chickweed. Here is the scary part, a single chickweed plant can produce an impressive 800 seeds in a single season. I will be weeding all summer long.

I have replaced and made new labels, moved and divided daylilies and other perennials and started flower and tomato seeds indoors. I added worm castings to the garden and have started to put down new mulch.

I am observing my club plants and making notes that will be sent to Diane in August. My hope is that we can meet in August and hold our annual plant sale, meeting and club plant return.

Please read to the right, the instructions and information for the **2020 Club Plant Distribution**. Mark May 15 and 16 on your calendar. With lots of creative thought and many phone calls this will be a successful CVIDS event. Many thanks to all involved.

Enjoy the great spring weather and stay safe.

Nancy Rash
CVIDS President

CLUB PLANT DISTRIBUTION

MAY 15 & 16, 2020

There are 56 CVIDS members that will be receiving club plants this year. The selection process for 2020 was created to make sure we are following the "Social Distancing" rules and still allow us to distribute the plants that were ordered from hybridizers last fall.

1. Using the same process that numbers have been drawn in the past at West Liberty, each member was given a number in advance and then the order of plant selection is determined by the randomly drawn numbers.
2. Barb Papenhausen will call members in this order to ask for the name of the club plant they would like for 2020. Be sure you have viewed and use the list posted on the website and face book to make your selection. I would recommend you have a list of 5-10 plants in priority order so you can easily identify your top choice(s) when called. **Barb will start calling members on Friday, May 15** to ask for your priority list. You will make a selection so she can then call the next person. Hopefully we are all prepared and it goes quickly. **Barb will also confirm the location where you will pick up your plant. No changes in the pick-up location can be made after you are called on May 15.** Any questions about delivery should be made to Barb and Bob at: 309-737-0830.
3. **On Saturday, May 16, you will pick up your plant.** The locations will be: the home of Nancy Carlisle: 1208 Seventh Street, Durant, IA. The home of Dave and Sue Kramer: 3592 Rogers Road NW, Cedar Rapids, IA. The home of Barb McCreight: 120 Roosevelt, Lowden, IA. For the members in the Washington/Iowa City/SE Iowa area, arrangements have been made with members for Nancy and Lyle to deliver your plants on Saturday afternoon. Cell Phone for Nancy Rash: 319-591-1419. *(Continued next page):*

CLUB PLANT DISTRIBUTION

MAY 15 & 16, 2020 (continued from P. 1):

4. The ten Korth Daylilies auctioned at the Fall Banquet 2019 will be delivered on May 16 with your club plant.

There are many "behind the scenes" players and I hope I did not omit someone in the following list. If I did, it was not on purpose. Many thanks to the following: Plants were selected and ordered last fall by Barb and Bob Papenhausen. The plant lists and power point presentation were created by Keith for our viewing. Mary Jo Duffy has posted the lists to our website. Diann Pavelka has posted the lists to face book. Keith assigned numbers and did the random selection for the order of selecting plants. Barb made lots of phone calls to set up the delivery schedule. Barb and Bob sorted plants and made deliveries. Heather Harroun helped Barb with organizing plants ahead of time and will be planting the "extra" plants not selected so that we can purchase them at a later time, hopefully at our August meeting. Thank you to Nancy Carlisle, Barb McCreight, Dave and Sue Kramer and Lyle Moen and Nancy Rash for hosting the delivery and pick up of club plants. It takes many members to accomplish each and every club event. Please consider how you can help next year. Thank you Barb for all the beautiful daylily choices!

Kincaid Plant Markers for labeling your club plant will be given to you at the August meeting. The 2020 club plants will be returned in 2022.

UPDATES

ADS: The American Daylily Society has cancelled the National 2020 Meeting that was to be held in May in Savannah, GA. Check the ADS website for updates and information concerning future national meetings.

REGION ONE Board President Val Hoefler is now requesting CVIDS to host the Region 1 Meeting in 2023. (*It's really not so much as a request, since Nebraska has hosted 3 times in 10 years, and CVIDS only once in 10 years*). Future discussion shall ensue.

CVIDS 2020 CALENDAR:
