December 2008/January 2009

January 10, 2009 Meeting

Hybridizing Round Table

Speakers: Our own hybridizing club members: Gerald Hobbs, Lynn Stoll, Barb Papenhausen, and Kay Hill.
Time: 1 PM, with the business meeting to follow.

Location: Mercy Hospital Medical Plaza Building
400 East Jefferson Street, Iowa City
McCauley Room #1

Park in the flat lot, and access the Medical Plaza Building lobby. The meeting room is in the basement of the Medical Plaza Building. Enter the foyer, and take the elevator to the lower level. Turn left away from the elevator. Signs will be posted. Parking is charged at 50 cents an hour.

From Interstate 80: Take the Hiway 1 exit south about 2.5 miles to Market Street (one way west). Turn right, and get immediately in left hand lane to turn left in the next block onto Johnson Street. (The Medical Plaza Building will be unmarked on the north-east corner). Parking lot entrance is in the middle of the block on the right hand side. Enter into the parking lot by taking a ticket. The foyer door is on the south side of the building facing Jefferson Street. The flat lot is the easiest access, but parking is also available in the Mercy Hospital Plaza Ramp.

Membership, please bring a potluck dish to share for the January meeting. Food committees for each meeting have not been established yet. Please remember to not overdo! But don't we have good cooks among us!

Think of questions that you want to ask the hybridizers during the round table. If you want to have them thinking about it in advance, I can forward on the question to them. Just send me the item you want discussed to NJCarlisle56@gmail.com.

Fall 2008 Banquet Success!

Fifty members shared a glorious day at the Touch of Class Banquet facility in Cedar Rapids. The room was a beautiful setting to celebrate the year. The facility had made place cards with a daylily design and decorated in festive fall colors with chocolates scattered around. Suzanne and Robert Moffit contributed much in decorations of fall produce with gourds, pumpkins, and pears. Did you ever see a pear that large! It really added to the table decorations. Thanks also for the fall corn for our furry and feathered friends. Clay and Kathleen Dawson brought stunning fragrant orchids for the head table.

The food was appealing in appearance and in flavor. The round tables lent much to conversation among the group. The photo contest was well organized with ballots handed out at arrival.

Table centerpieces were the door prizes that were won by Jill Gardner, Jonathan Poulton, Bob Moore, Carole Applequist, Donna Denly, Jeanne Reynolds, Brenda Knipper, Debra Hansen, Clay Dawson, and Kim Schoeberl. And a generous member contributed gazing balls, a rain gauge, and books that were voted on by member ballots for winning the gift. Keith Riewerts, Sherry McCarville, Nancy Carlisle, Cathy Moore, Kathy Kephart, and Skip Reynolds received gifts.

Thanks to the committee of Nancy Carlisle, Marilyn Little, and Suzanne and Robert Moffit for their hard work in organizing, calling and set up.

Business Meeting November 2008

Clay Dawson conducted a brief business meeting. Discussion was held on the amount for spending on

the Club plants for 2009. After much discussion, a vote carried for \$5,000 to be spent. Discussion included points on having too many plants for the auction after the distribution, having too expensive plants for the return in 2 years for the silent auction, few people bidding on the newer introductions in the silent auction. A suggestion to have some money spent on irises to be available for members in the fall similar to the daylilies in the spring. Jan Null will submit an article about the 2008 Silent Auction.

The Executive Board approved having a September meeting with an auction. This idea is to exchange plants among our members. Date is set for September 12th in Scott County Park near Eldridge.

Don Lovell will be the featured speaker on April 18th. He will have become an international speaker by that time, having presented in Canada. He requested that his honorarium be donated to Region One. MSC.

Discussion was held on concerns from some members about the care that Club plants receive. It was strongly encouraged to mulch, water well, and provide as much TLC to help them thrive to ensure the return in the 2 year time period. A suggestion was made to create on our web site a section about how the plant is growing in the member's garden, including comments favorable and negative as needed. Jonathan will create this section, and pictures and feedback would be welcome.

Discussion was held about plant eligibility. It is felt that returning the plants to a sale is a vital involvement part of the club and not to eliminate this condition. We need worker bees and all need to share in the growing of our club.

Jonathan Poulton thanked the members for supporting him and his son in the creation of the CVIDS.org website. So far, the site has been visited by over 3,500 different individuals. He extended an invite to submit photos. Advice as to how the website might be improved would also be welcomed at any time.

Ken Capps discussed the 2008 Tim Bell collection as outstanding. The Pink Praise had 3 fans and 6 scapes with the last bloom on October 15th. Homemade Peach Ice Cream was very good. Nancy Carlisle is raising that as a Club plant and she concurred; her last bloom was November 1st.

Sylvia reported that judging went well with the simplified categories, but members did miss having the landscape category. Volunteers are needed for being 2009 chairperson.

Wow! I can't believe how generous the plant vendors are. The Gardens are sending so much free. Barb Papenhausen

2009 Plant Distribution Vendors

Barb has had the pleasure of working with gardens on ordering the Club Plant selection for 2009. She has a list that will be available at the meeting. She is getting plants from Jordan's, Gold Coast, Emmerich, Bell's, Rice, Buntyn, and Simon. She worked with the budget of \$5,000 dollars and has been receiving many gift plants from the growers. The list of at least 150 plants has a variety of hybridizers, growers, spiders, and unusual forms. Clay Dawson will have the list of members that are eligible at the meeting for the Plant Distribution in May. ("Bread and Wine" -Bell pictured)
