As a service to its members and to the general public, each year the **American Hemerocallis Society (AHS)** conducts a popularity poll among its members to determine the favorite daylilies from each region. It is the hope of the AHS that this Popularity Poll presents a true picture of which daylilies perform well in a given area and which are best liked by the membership. Popularity polls are important to daylily growers—both AHS members and nonmembers—who make daylily selections for purchase.
