## MISSION OF CVIDS

“Founded in 1990, CVIDS is a scientific, educational, and social organization whose mission is to promote the genera *Hemerocallis* (daylily) and *Iris*. Its purpose is to educate our members and the general public about all aspects of growing daylilies and irises in eastern Iowa and surrounding regions. To further these goals, this organization provides lectures, garden tours, plant sales, and fellowship among its members and with members of other groups with similar goals.”
